

## Why choose a Bright Lights class?

We know you have many choices when it comes to summer activities for your student. Lincoln is home to many great museums, camps, facilities and businesses, all offering exciting options for summer fun. So why should a Bright Lights class definitely be on your summer To Do list?

**>Teachers:** The majority of our classes are taught by certified teachers, and those that aren't teachers are experts in their field. Our teachers bring subject-matter knowledge and a passion for learning that you can't find anywhere else. That passion is translated to the students, who become excited about Naked Mole Rats and sink/float experiments in a way you never expected. One parent shared this from last year: "My daughter loved her cupcake class. She came home talking about crumb coats and could frost like a champion! She loved seeing what careers she could do with this skills."

## PARENTS PERSPECTIVE

Mary Monahan, parent of a Bright Lights student and editor of [Macaroni Kid of Lincoln](#), recently shared on our blog about a great experience her daughter had in a Bright Lights class.

"We have done several summer camps in Lincoln over the years and what has stuck with me about the Bright Lights classes and camps is how much my children refer back to them. This is the reason that we go back to Bright Lights year after year. Not only are the classes unique but also kids recall them with such excitement."

Quoting her daughter, "Remember when I had that tea party and you came! And you brought Owen and he wore a tie on his head? That was really fun, Mom."
