

*Important!*

# SUMMER 2020 CAMP UPDATE

## Changes to Summer 2020 Camps

Bright Lights values safety as much as summer learning. We are choosing to continue to do our part to slow and prevent the spread of the coronavirus and therefore **we will not be having live, in-person camps this summer.**

Instead, we are going to be flipping things around and bringing select Bright Lights camps straight to students this summer, virtually. And camps on this “flipside” are FREE, courtesy of Bright Lights and our generous donors!

### Already registered?

If you already registered a student for a Bright Lights camp this summer, we have sent further information (including refund information) to you at the email address you used to register.

### Want to help out?

Thank you! We appreciate you thinking of us and wanting to support us during this time. There are two important ways you can help us out right now:

### DONATE

If you or someone you know would like to offer [monetary support](#) for our new virtual camps or Bright Lights in general during this time, please make your donation at [BrightLights.org](http://BrightLights.org). And from now until May 28th, all donations made there will be done in association with [Give to Lincoln Day](#) -- meaning your contribution can go even further thanks to the Lincoln Community Foundation's matching

fund!

## SHARE

Please tell your family and friends about our new camp format and encourage them to attend. Details will be announced on our [website](#) and social media pages soon.

While we are disappointed to not be holding camps in our regular fashion, we are excited to be able to try something new. And these new virtual camps will allow students who have never been to a Bright Lights camp to try it out—for FREE! — and then look forward to joining us in-person next summer.

Stay tuned, details on the virtual camps will be announced soon!

**And we'll look forward to catching you on the flipside!**
